Noida International Film City

It is a large-scale film production complex planned over 1,000 acres near the Yamuna Expressway in Greater Noida, aiming to be among the largest film cities in India. The film city will offer state-of-the-art studios, advanced production and post-production facilities, and supporting amenities, making it a comprehensive hub for film and media industry activities

Industrial Development at Yamuna Expressway

It is a large-scale film production complex planned over 1,000 acres near the Yamuna Expressway in Greater Noida, aiming to be among the largest film cities in India. The film city will offer state-of-the-art studios, advanced production and post-production facilities, and supporting amenities, making it a comprehensive hub for film and media industry activities

F-1 Track (Yamuna Expressway)

It has one of the longest main straights in Formula 1, stretching over 1 km, allowing cars to reach very high speeds and creating a key overtaking opportunity. The track features a key overtaking opportunity. The track features a challenging banked multi-apex turn (turns 10-12), which tests drivers with high-speed corners and heavy lateral forces, making it a true test of skill and car performance.

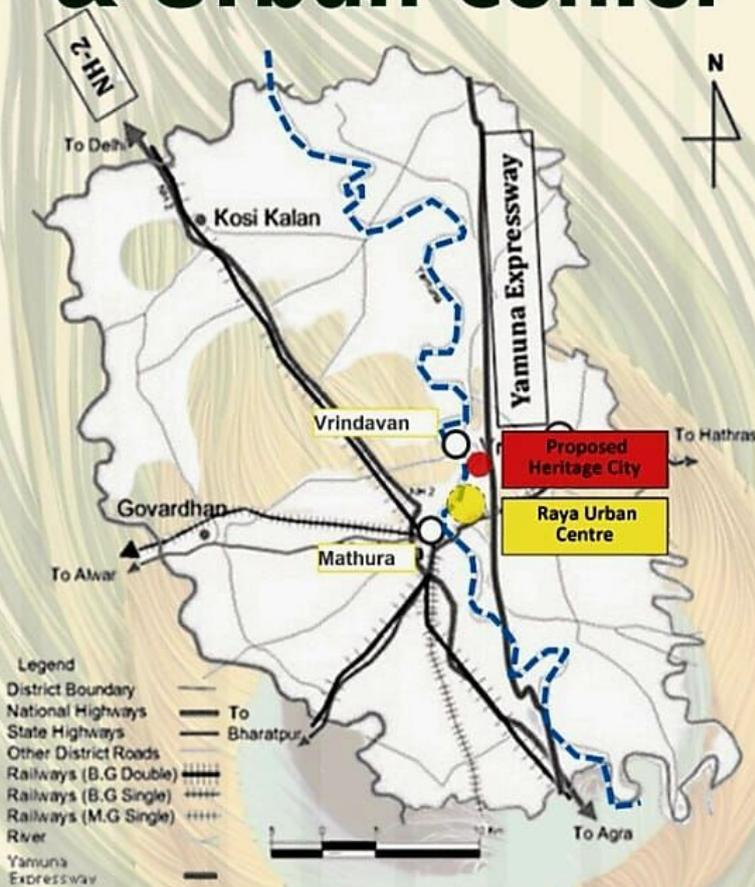

Logistic Hub

The hub is designed to foster industrial growth, urban development, and economic activity with modern infrastructure, including logistics parks and industrial parks, to leverage the strategic connectivity between Noida, the upcoming Noida International Airport (Jewar Airport), and Agra — making it a key area for manufacturing, warehousing, and trade in North India.
